

Fingerless Mittens Beginner Knitting Pattern

Made by Vickie D. @ www.simple-knitting.com

Skills Required:

Garter stitch

Materials:

- 1 skein (4 oz / 173 g 204 yds/187m) Red Heart Gumdrop in color of your choice. These mittens were made with color *'Juicy'*
- Needles: US 8 (5mm)
- Tapestry Needle

Gauge:

5 stitch and 8 rows = 1 inch (Please note that for this little project gauge is not important)

Pattern Notes:

You can use any worsted weight yarn you like. And since these mittens are made in Garter stitch they will stretch quite a bit. You don't have to worry about knitting gauge. I only listed the gauge as a point of reference and force of habit.

When you cast on stitches you are casting on the length so if you would like to have them longer to go up your arm just cast on more stitches.

Instructions: Make 2

Cast on 27 stitches

Knit every row for 40 – 60 rows (20 – 30 garter ridges) depending on your hand size. I knit 60 rows however my hands are bigger. Simply wrap your knitting around your hand to see how they fit. Snug enough? Not too tight? Just right? Awesome, then you're done.

Bind off loosely.

Finish:

Fold square lengthwise so that garter stitch ridges form vertical stripes. Seam up sides leaving a hole for your thumb.

Then enjoy.
